**PROJECT TITLE:** Right of Entry/Temporary Use Permit - Seacliff Beach Association

**LOCATION:** Seacliff State Beach

**COUNTY:** Santa Cruz

**DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT:**

Issue a Right of Entry/Temporary Use Permit to the Seacliff Beach Association (SBA) and their contractors to allow access to the existing Pacific Gas and Electric (PG&E) easement within the boundaries of Seacliff State Beach, for the purpose of installing a gas pipeline within that easement. Access will be authorized across existing park roads, with staging adjacent to the upper park entrance parking lot (75' X 75') and in 1-2 parking stalls at Lot A, off Las Olas Drive. SBA and/or PG&E will provide traffic flaggers when construction is in progress. Boundaries of staging areas will be defined by orange construction tape or fencing, as appropriate; DPR does not assume responsibility for security of materials or equipment left in staging areas. No ground disturbance will occur within staging areas or outside existing established easement(s). SBA and/or PG&E will repair any damage to road surfaces or staging areas immediately following completion of construction. Permit will be valid for three months (60 working days) from start of construction; Monday-Friday, 8:00 am - 5:00 pm. Equipment and materials may be stored within the staging areas continuously throughout the duration of the permit or until construction is complete, whichever occurs first. Environmental review of the pipeline project is available in the Notice of Exemption and Staff Report to the Zoning Administrator (Application #02-0429), filed with the Clerk's Office of the Santa Cruz County Board of Supervisors (September 8, 1999).
